Hi Nick,
Your draft looks good to me. I am hoping that you will include more schematic designs and big pictures of your team project and your individual work.

Thanks,
-Prof. Yu

Thank you for the recommendation. Last Friday, I submitted my first draft of my progress report. Before my second draft, I have been asked for you to review and annotate that draft before I submit my second draft this Friday. If you could do so, I would be very grateful. I have attached the document to this email.

Thanks,
Nick
