

PHYS 407

1. ~~16~~ $F=ma$ Newton's 16

2.

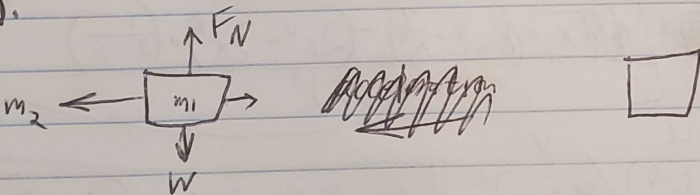

3.

4. $F=ma$ yes

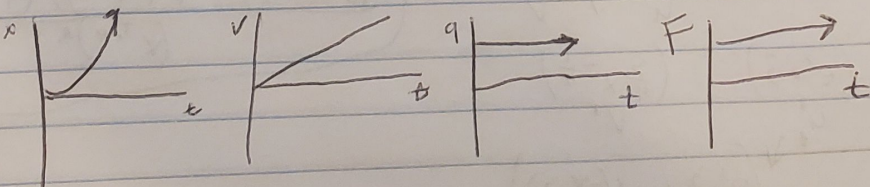

5.

6. Force is constant

7.

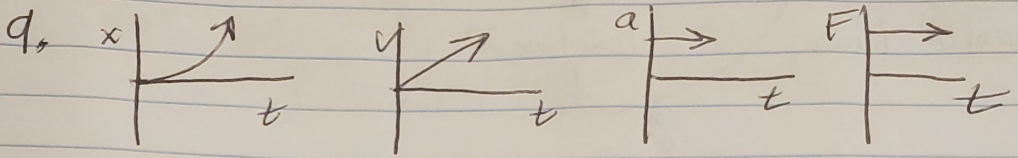

PHYS 407

8

$$F=ma$$

~~11~~

10. they are the same

11. constant force

12. ~~What~~ What I predicted matched the experiment

13. you have to push harder than friction to move the box

14. there does not need to be a net force to maintain a constant velocity.
